

Mark Bradley Carver

May 15, 2008 554 PM

I went down to the Catawba River Fishing with Neal Cassidy. We got there around 11:30 AM. I drove down Pearl Beatty and drove the dirt road at the end of the neighborhood. We were the only two people down there. I did see two people, a man and woman, on Jet ski's. I heard the woman on the Jet Ski say the "F" word. A black man came up on the boat and I heard the man on the Jet Ski tell the black man to call 911. The police told me that there was a dead body near by. I heard what I thought was a tractor scraping dirt <sup>around 12 PM</sup> and I told Neal that. We were there until 2:30 PM and we left to pick up my kids at East Gaston & Highland Tech. I never heard anything other than the tractor scraping. I heard on the news that she was smothered. I drove out the same way we drove in. mark carver
